School Context

With its Outstanding Ofsted rating, Spalding High School in Lincolnshire is a beacon of academic excellence for students aged 11 to 18. The school, led by Mrs. Michele Anderson, thrives in a supportive community environment, reflected in its status as a community school.

Utilising Sisra Analytics

Spalding High School has used Sisra Analytics to measure student progress from in Key Stages 4 to 5 for over three years.

Testimony from Jon Blackburn, Assistant Headteacher:

"The subject value-added data for Key Stage 5 is invaluable."

Jon Blackburn, the Assistant Headteacher at Spalding High School, attests to the effectiveness of Sisra Analytics:

"The accuracy of Progress 8 and Attainment 8 data from Sisra Analytics is remarkable, closely matching our published data. This precision gives us confidence in the system."

The subject value-added data for Key Stage 5 is invaluable and forms the foundation of our departmental reviews and management meetings. The ease of data exportation into Excel, facilitates seamless reporting and stakeholder communication.

Moreover, the customer support from Sisra Analytics is exceptional, always prompt and helpful, making a significant difference in our data management processes."

Progress 8 score ?

The academic progress that pupils make from the end of key stage 2 to the end of key stage 4. This is based on 8 qualifications.

The banding for this school or college is 'well above average' because the score is greater than or equal to 0.5, and the entire confidence interval is above 0.

Banding	WELL ABOVE AVERAGE
----------------	---------------------------

Score	0.53
--------------	------

Confidence interval ?	0.29 to 0.77
------------------------------	--------------

Spalding High School

Spalding High School's success with Juniper Education's Sistra Analytics

"Teachers use their excellent subject knowledge to provide pupils with work that motivates and challenges them. They regularly check pupils' understanding. Teachers ask pupils carefully crafted questions. The work that pupils produce reflects their detailed knowledge of subject-specific vocabulary as well as their commitment to their education."

Conclusion

Spalding High School's story is a testament to how the right tools can support educational outcomes. Juniper Education's Sistra Analytics has been instrumental in accurately tracking and enhancing student progress, profoundly impacting teaching strategies and student achievement.
